Roadhaven Cayman Golf League
HOW WE OPERATE

General Timing

You may sign-up for 9 holes, weekly, on the bulletin board in the clubhouse hallway.

We play each Monday from November 1st-ish to March 31st (Not Christmas or New Year's Day).

We have 9-Hole Tee times for randomly assigned teams of four or three begin at 9:00 am – arrive early as we will start if there are open Tee times before 9:00 am!

All teams tee-off from Hole 1 – there is no shotgun start.

Sign-up sheets are posted weekly on Saturday morning and are up for one week. Weekly Tee Time Assignments are delivered by email no later than Saturday evening. A paper copy of the Weekly Tee Time Assignments is also posted on the bulletin board in the clubhouse hallway on Saturday.

We may start before 9:00 am, so on Monday morning check in at the clubhouse at least 20 minutes before your assigned tee time. This will allow you enough time to legibly fill out a score card for your team. A printed Weekly Tee Time Assignments sheet will be available at the clubhouse to assist you in knowing who is on your team that week.

By Monday evening we email the Winners Sheet to all Members and post it on the bulletin board. Winners are paid the next Monday at Cayman Golf.

Before you golf each round, you must have paid some form of Roadhaven Golf Course membership: Yearly, Monthly, Punch Card or Single Round Fee.

Cayman balls are available for purchase at the Roadhaven Golf Course Clubhouse.

Financials

There are Annual Dues of $5.00 to join the Cayman Golf League. Two dollars of the Annual Dues go into the seasonal Hole-in-One Prize Pool and three dollars goes toward league expenses. The Hole-in-One Prize pool is paid out at the end of the season on a pro-rata basis to all Members who have scored a Hole-in-One that season. If no Hole-in-One is scored during the season the entire Hole-in-One Prize Pool, along with any money not used for league expenses, is donated the next season to purchase/create a prize package for the Raffle Table at the Annual Roadhaven Golf Course Fundraiser.

There is a Weekly Fee of $1.00 for each time a golfer plays Cayman Golf. The Weekly Fee is payable at the Clubhouse Front Desk when you check-in for your Cayman round.

Each week we will pay to the winning team(s) 80% of the Weekly Fees taken in. We will attempt to pay the First, Second and Third place teams based on the Overall Team Score but will pay fewer (or more) teams depending on the number of golfers taking part that week, or fewer places depending on ties.

Twenty percent of the weekly fees taken in will be retained and, after expenses, donated the next season to purchase/create a prize package for the Raffle Table at the Annual Roadhaven Golf Course Fundraiser.

Other:

To golf in the Cayman League, you or your spouse must be on our Cayman Golf email distribution list. You may ask at any time to be removed from our Cayman email distribution list, at which time you will also be removed from our Membership List.

First time members may sign up by placing your Name, email address and Phone Number on the Weekly Sign-up sheet. Bring your Annual Dues and Weekly Fee the first time you golf in the Cayman League.

At the end of each February, if you have not golfed Cayman in over one year, your name will be dropped from our Membership list and from our email distribution list.

Roadhaven Cayman Golf League

HOW WE OPERATE

Cayman League Rules

1. Everyone on the team must use a cayman ball for the entire round.
2. We use a scramble format with teams consisting of three or four golfers.
3. Women tee off from the reds, and men tee off from the whites.
4. Each team plays nine holes and records one score per hole.
5. If the team consists of four golfers, each player's tee shot must be used at least twice.
6. If the team consists of three golfers, each player's tee shot must be used three times. The first player listed on the score card takes two shots for each scramble stroke on holes 1, 4 and 7. The second player listed on the score card takes two shots for each scramble stroke on holes 2, 5 and 8. The third person listed on the score card takes two shots for each scramble stroke on holes 3, 6 and 9. On any given hole one player will have two tee shots either of which may be counted toward their total of three tee shots – assuming they do not already have three tee shots counting. When a player has two tee shots on a hole, either shot resulting in a hole-in-one will be eligible for the annual hole-in-one prize.
7. Tee shots chosen for use must be marked beside each player's name on the scorecard. The actual team score for the hole can be marked on a separate line.
8. Hole #4:
   a. ALL players use the Drop Zone on the front left of the green for their first shot.
   b. The use of a tee in the Drop Zone is optional.
   c. A holed ball from the Drop Zone does not count toward the annual Hole-in-One Prize Pool.
   d. Play the entire hole, as a team scramble, and record the score.
   e. The team may elect to attribute the tee shot from the Drop Zone to a golfer other than the golfer whose actual tee shot was chosen for the position from which the second shot was to be taken. Furthermore, the attribution of the tee shot to a specific team member need not occur until after the completion of the 8th hole. Attribution of the tee shot for hole #4 MUST be made before any golfer on the team tees off on Hole #9.

What is Scramble Golf?

Scramble is one of the most golfer-friendly and fast paced golf formats out there. Instead of everyone playing their own ball from start to finish, a scramble is all about teamwork and selecting the most advantageous shot result each time.

Here is how it works:

1. Everyone on the team tees off.
2. The team choses the most advantageous shot as it lies.
3. From that spot, everyone hits their next shot.
4. Repeat the process until the ball is holed.

Regarding #3 above, if the ball chosen for the next shot is not on the green, the 'spot' can be up to the length of a nine-iron away from where the chosen ball came to rest – as long as the ball is placed on the same type of grass (rough, first cut, etc.) as the chosen ball and is placed no closer to the hole than the chosen ball. If the ball chosen for the next shot is on the green, the 'spot' can be up to a six-inch radius away from where the chosen ball came to rest – so long as the ball is placed no closer to the hole than the chosen ball.

Only one score is recorded per hole, and it is based on the entire group's effort. Scrambles can be played with teams of two, three, four or even five players.

Scramble takes the pressure off individual performance. If you hit a bad shot, no worries! Someone else's solid shot keeps the team moving forward. It's social, encouraging, and a great format for players of all skill levels to enjoy a round together.

Scramble golf is all about collaborating and having fun as a group. And – you might even get to hit from spots you would never reach on your own!
